Dear Professors Bennett and Curran:

When I first received information from Prof. Tokoo about Shelley's bicentennial in New York, I am honored to know that I have been nominated as one of the presenters for the bicentennial program.

Thank you for your letter of 12 September 1991 concerning the details on the session, and especially for your notification concerning the NEH grant for the participating speakers. As you suggested, I am retired and do not have access to university or government resources. As to transportation, it will be most convenient for me to fly directly to New York City from the Narita International Airport, Tokyo.

As per our phone conversation with Prof. Tokoo, I am planning to give a short presentation of about thirty minutes, concerning Shelley's influence in Japan and the various phases of Japanese interpretation of Shelley. You should receive a copy of my paper no later than March 1992.

In anticipation of hearing from you again regarding further details, I am,

Sincerely yours,
