

Dear Dr. Bennett
and
Dr. Curran,

April 3 1992

Enclosed is the final text of my paper. I made 3 copies of it -- for you and Dr. Bennett and the chairperson. Some errors in the previous copy are corrected.

I received your letter on March 23. As to the shortened title of my paper, it is rather preferable. I am sure that it is more convenient for putting it in the program, etc.

KINKI NIHON TOURIST BUREAU (in Tokyo) is taking care of our group tour of Shelley Conference at New York. We are to arrive at New York on May 18.

Yours ever,

Shigetoshi Ishikawa
