Dear Dr Curran,

Congratulations !! The Conference was really a great success. Many thanks for your wonderful organizing and managing of the meetings together with Dr Bennett. Very best regards to her.

Enclosed is my paper which is to be sent to you as indicated by Dr Reiman.

A meeting is to be held this month to hear the report on the Shelley Conference at New York. It is held at Bunkyo University Library, Shelley Collection on July 27. Tatsuo and myself are requested to attend the meeting to give some comments.

Thanking again for taking care of the paper,

Sincerely yours.
